

Stage 3: Get ready to take action

Film Screening

Wall of ideas: Action projects of returned volunteers

My name is Roseanna.

For my action project I held an awareness evening in University College Dublin to create awareness of the current refugee crisis. I screened the film "Salam Neighbor" ([Trailer](#)) and we had two guest speakers in. The guest speakers talked about the current refugee crisis and talked about the possibility of UCD students to get involved in a nationwide campaign to create awareness of the refugee crisis.
